- ii. If the contractor has, without reasonable cause, suspended the progress of the work or has failed to proceed with the work with due diligence and continues to do so after a notice in writing of seven days from the Engineer-in-Charge.
- iii. If the contractor fails to complete the work or section of work with individual date of completion on or before the stipulated or justified extended date, on or before such date of completion; and the Engineer in Charge without any prejudice to any other right or remedy under any other provision in the contract has given further reasonable time in a notice given in writing in that behalf as either mutually agreed or in absence of such mutual agreement by his own assessment making such time essence of contract and in the opinion of Engineer-in-Charge the contractor will be unable to complete the same or does not complete the same within the period specified.
- iv. If the contractor persistently neglects to carry out his obligations under the contract and/ or commits default in complying with any of the terms and conditions of the contract and does

- not remedy it or take effective steps to remedy it within 7 days after a notice in writing is given to him in that behalf by the Engineer-in-Charge.
- v. If the contractor shall offer or give or agree to give to any person in Government service or to any other person on his behalf any gift or consideration of any kind as an inducement or reward for doing or forbearing to do or for having done or forborne to do any act in relation to the obtaining or execution of this or any other contract for Government.
 - vi. If the contractor shall enter into a contract with Government in connection with which commission has been paid or agreed to be paid by him or to his knowledge, unless the particulars of any such commission and the terms of payment thereof have been previously disclosed in writing to the Engineer-in-Charge.
 - vii. If the contractor had secured the contract with the Government as a result of wrong tendering or other non-bonafide methods of competitive tendering or committed a breach of Integrity Agreement.
 - viii. If the contractor being an individual, or if a firm, any partner thereof shall at any time be adjudged insolvent or have a receiving order or order for administration of his estate made against him or shall take any proceedings for liquidation or composition (other than a voluntary liquidation for the purpose of amalgamation or reconstruction) under any Insolvency Act for the time being in force or make any conveyance or assignment of his effects or composition or arrangement for the benefit of his creditors or purport so to do, or if any application be made under any Insolvency Act for the time being in force for the sequestration of his estate or if a trust deed be executed by him for benefit of his creditors.
 - ix. If the contractor being a company shall pass a resolution or the court shall make an order that the company shall be wound up or if a receiver or a manager on behalf of a creditor shall be appointed or if circumstances shall arise which entitle the court or the creditor to appoint a receiver or a manager or which entitle the court to make a winding up order.
 - x. If the contractor shall suffer an execution being levied on his goods and allow it to be continued for a period of 21 days.
 - xi. If the contractor assigns (excluding part(s) of work assigned to other agency(s) by the contractor as per terms of contract), transfers, sublets (engagement of labor on a piece-work basis or of labor with materials not to be incorporated in the work, shall not be deemed to be subletting) or otherwise parts with or attempts to assign, transfer, sublet or otherwise parts with the entire works or any portion thereof without the prior written approval of the Engineer -in-Charge. When the contractor has made himself liable for action under any of the cases aforesaid, the Engineer-in-Charge on behalf of the President of India shall have powers:
 - (a) To determine the contract as aforesaid so far as performance of work by the Contractor is concerned (of which determination notice in writing to the contractor under the hand of the Engineer-in-Charge shall be conclusive evidence). Upon such determination, Security Deposit already recovered, Security deposit payable and Performance Guarantee under the contract shall be liable to be forfeited and shall be absolutely at the disposal of the Government.
 - (b) After giving notice to the contractor to measure up the work of the contractor and to take such whole, or the balance or part thereof, as shall be un-executed out of his hands and to give it to another contractor to complete the work. The contractor, whose contract is determined as above, shall not be allowed to participate in the tendering process for the balance work including any new items needed to complete the work. In the event of above courses being adopted by the Engineer-in-Charge, the contractor shall have no claim to compensation for any loss sustained by him by reasons of his having purchased or

procured any materials or entered into any engagements or made any advances on account or with a view to the execution of the work or the performance of the contract. And in case action is taken under any of the provision aforesaid, the contractor shall not be entitled to recover or be paid any sum for any work thereof or actually performed under this contract unless and until the Engineer-in-Charge has certified in writing the performance of such work and the value payable in respect thereof and he shall only be entitled to be paid the value so certified.

27. WORK TO BE EXECUTED IN ACCORDANCE WITH SPECIFICATIONS, DRAWINGS, ORDERS ETC.

The contractor shall execute the whole and every part of the work in the most substantial and workmanlike manner both as regards materials and otherwise in every respect in strict accordance with the specifications. The contractor shall also conform exactly, fully and faithfully to the design, drawings and instructions in writing in respect of the work signed by the Engineer-in-Charge and the contractor shall be furnished free of charge one copy of the contract documents together with specifications, designs, drawings and instructions as are not included in the standard specifications of Central Public Works Department specified in Bid or in any Bureau of Indian Standard or any other, published standard or code or, Schedule of Rates or any other printed publication referred to elsewhere in the contract.

- i. to make alteration in, omissions from, additions to, or substitutions for the original specifications, drawings, designs and instructions that may appear to him to be necessary or advisable during the progress of the work, and
- ii. to omit a part of the works in case of non-availability of a portion of the site or for any other reasons and the contractor shall be bound to carry out the works in accordance with any instructions given to him in writing signed by the Engineer-in-Charge and such alterations, omissions, additions or substitutions shall form part of the contract as if originally provided therein and any altered, additional or substituted work which the contractor may be directed to do in the manner specified above as part of the works, shall be carried out by the contractor on the same conditions in all respects including price on which he agreed to do the main work except as hereinafter provided.

28.1 . The time for completion of the works shall, in the event of any deviations resulting in additional cost over the tendered value sum being ordered, be extended, if requested by the contractor, as follows :

- (I) In the proportion which the additional cost of the altered, additional or substituted work, bears to the original tendered value plus
- (II) 25% of the time calculated in (i) above or such further additional time as may be considered reasonable by the Engineer-in-Charge

28.2 In the case of extra item(s) (items that are completely new, and are in addition to the items contained in the contract), the contractor may within fifteen days of receipt of order or occurrence of the item(s) submit market rate claim rates, supported by proper analysis

which shall include invoices, vouchers etc. and Manufacturer's specification for the work failing which the rate approved later by the Engineer- in-charge shall be binding and the Engineer-in-Charge shall within prescribed time limit of the receipt of the claims supported by analysis, after giving consideration to the analysis of the rates submitted by the contractor, determine the rates on the basis of the market rates and the contractor shall be paid in accordance with the rates so determined, failing which it will be deemed to have been approved.

28.3 In the case of contract items which exceed the limits laid down in bid, the contractor may within fifteen days of receipt of order or occurrence of the excess, claim revision of the rates, supported by proper analysis for the work in excess of the above mentioned limits, provided that if the rates so claimed are in excess of the rates specified in the schedule of quantities, the Engineer-in-Charge shall within prescribed time limit of receipt of the claims supported by analysis, after giving consideration to the analysis of the rates submitted by the contractor, determine the rates on the basis of the market rates (as per invoice, vouchers from the manufacturers or suppliers submitted by the agency and duly verified by Engineer in Charge or his representative) and the contractor shall be paid in accordance with the rates so determined. The prescribed time limit for finalizing rates for Extra Item(s) and Deviated Quantities of contract items is within 45 days after submission of proposal by the contractor without observation of the Engineer-in-Charge.

29. ACTION IN CASE WORK NOT DONE AS PER SPECIFICATIONS

All works under or in course of execution or executed in pursuance of the contract, shall at all times be open and accessible to the inspection and supervision of the Engineer-in - charge, his authorized subordinates in charge of the work and all the superior officers, any of the organization engaged by the Institute for Quality Assurance and of the Chief Technical Examiner's Office, and the contractor shall, at all times, during the usual working hours and at all other times at which reasonable notice of the visit of such officers has been given to the contractor, either himself be present to receive orders and instructions or have a responsible agent duly accredited in writing, present for that purpose. Orders given to the Contractor's agent shall be considered to have the same force as if they had been given to the contractor himself.

If it shall appear to the Engineer-in-charge or his authorized subordinates in charge of the work or the officers of the organization engaged by the Institute for Quality Assurance or to the Chief Technical Examiner or his subordinate officers, that any work has been executed with unsound, imperfect, or unskillful workmanship, or with materials or articles provided by him for the execution of the work which are unsound or of a quality inferior to that contracted or otherwise not in accordance with the contract, the contractor shall, on demand in writing which shall be made within twelve months of the completion of the work from the Engineer-in-Charge specifying the work, materials or articles complained of notwithstanding that the same may have been passed, certified and paid for forthwith rectify, or remove and reconstruct the work so specified in whole or in part, as the case may require or as the case may be, remove the materials or articles so specified and provide other proper and suitable materials or articles at his own charge and cost. In the event of failing to do so within a period specified by the Engineer-in-Charge in his demand aforesaid, then the contractor shall be liable to pay compensation at the same rate as under clause 30 of the contract (for non-completion of the work in time) for this default.

In such case the Engineer-in-Charge may not accept the item of work at the rates applicable under the contract but may accept such items at reduced rates as the authority specified in the bid may consider reasonable during the preparation of on account bills or final bill if the item is so acceptable without detriment to the safety and utility of the item and the

structure or he may reject the work outright without any payment and/or get it and other connected and incidental items rectified, or removed and re-executed at the risk and cost of the contractor. Decision of the Engineer-in-Charge to be conveyed in writing in respect of the same will be final and binding on the contractor.

30. COMPENSATION FOR DELAY

If the contractor fails to maintain the required progress in terms of Clause 25 or to complete the work and clear the site on or before the contract or justified extended date of completion as per Clause 25 (excluding any extension under para 25.5) as well as any extension granted under Clause 28, he shall, without prejudice to any other right or remedy available under the law to the Government on account of such breach, pay as compensation the amount calculated at the rates stipulated below as the authority specified in bid may decide on the amount of accepted Tendered Value of the work for every completed day/ month (as determined) that the progress remains below that specified in Clause 25 or that the work remains incomplete.

(i) Compensation for delay of work

With maximum rate @ 1% (one percent) per month of delay to be computed on a per day basis based on the quantum of damage suffered due to stated delay on the part of the Contractor.

Provided always that the total amount of compensation for delay to be paid under this condition shall not exceed 10 % (ten percent) of the accepted Tendered Value of work or of the accepted Tendered Value of the Sectional part of work as mentioned in the bid for which a separate period of completion is originally given.

In case no compensation has been decided by the authority in bid during the progress of work, there shall be no waiver of right to levy compensation by the said authority if the work remains incomplete on the final justified extended date of completion. If the Engineer in Charge decides to give further extension of time allowing performance of work beyond the justified extended date, the contractor shall be liable to pay compensation for such extended period. If any variation in the amount of contract takes place during such an extended period beyond justified extended date and the contractor becomes entitled to additional time under Clause 28, the net period for such variation shall be accounted for while deciding the period for levy of compensation. However, during such further extended period beyond the justified extended period, if any delay occurs by events under sub Clause 25.2, the contractor shall be liable to pay compensation for such delay

Provided that compensation during the progress of work before the justified extended date of completion for delay under this clause shall be for non-achievement of sectional completion or part handing over of work on stipulated/justified extended date for such part work or if delay affects any other works/services. This is without prejudice to right of action by the Engineer in Charge under para 26 for delay in performance and claim of compensation under that clause.

In case action under Clause 30 has not been finalized and the work has been determined under Clause 26, the right of action under this clause shall remain post determination of contract but levy of compensation shall be for days the progress is behind the schedule on date of determination, as assessed by the authority in Schedule F, after due consideration of justified extension. The compensation for delay, if not decided before the determination of contract, shall be decided after the determination of contract.

The amount of compensation may be adjusted or set-off against any sum payable to the Contractor under this or any other contract with the Government. In case, the contractor does not achieve a particular milestone mentioned in the bid, or the re-scheduled milestone(s) in terms of Clause 25.4, the amount shown against that milestone shall be withheld, to be adjusted against the compensation levied as above. With-holding of this amount on failure to achieve a milestone, shall be automatic without any notice to the contractor. However, if the contractor

catches up with the progress of work on the subsequent milestone(s), the withheld amount shall be released. In case the contractor fails to make up for the delay in subsequent milestone(s), the amount mentioned against each milestone missed subsequently also shall be withheld. However, no interest, whatsoever, shall be payable on such withheld amount.

Carrying out part work at risk & cost of Contractor

If contractor:

- (i) At any time makes default during currency of work or does not execute any part of the work with due diligence and continues to do so even after a notice in writing of 7 working days in this respect from the Engineer-in-Charge; or
- (ii) Commits default in complying with any of the terms and conditions of the contract and does not remedy it or takes effective steps to remedy it within 7 working days even after a notice in writing is given in that behalf by the Engineer-in-Charge; or Fails to complete the work(s) or items of work with individual dates of completion, on or before the date(s) so determined, and does not complete them within the period specified in the notice given in writing in that behalf by the Engineer-in-Charge.
- (iii) The Engineer- in-Charge without invoking action under Clause 26 may, without prejudice to any other right or remedy against the contractor which have either accrued or accrue thereafter to Government, by a notice in writing to take the part work / part incomplete work of any item(s) out of his hands and shall have powers to:
 - a. Take possession of the site and any materials, constructional plant, implements, stores, etc., thereon; and/or
 - b. Carry out the part work / part incomplete work of any item(s) by any means at the risk and cost of the contractor.

The Engineer-in-Charge shall determine the amount, if any, is recoverable from the contractor for completion of the part work/ part incomplete work of any item(s) taken out of his hands and execute at the risk and cost of the contractor, the liability of contractor on account of loss or damage suffered by Government because of action under this clause shall not exceed 10% of the tendered value of the work.

In determining the amount, credit shall be given to the contractor with the value of work done in all respect in the same manner and at the same rate as if it had been carried out by the original contractor under the terms of his contract, the value of contractor's materials taken over and incorporated in the work and use of plant and machinery belonging to the contractor.

The certificate of the Engineer-in-Charge as to the value of work done shall be final and conclusive against the contractor provided that action under this clause shall only be taken after giving notice in writing to the contractor. Provided also that if the expenses incurred by the department are less than the amount payable to the contractor at his agreement rates, the difference shall not be payable to the contractor.

Any excess expenditure incurred or to be incurred by Government in completing the part work/ part incomplete work of any item(s) or the excess loss of damages suffered or may be suffered by Government as aforesaid after allowing such credit shall without prejudice to any other right or remedy available to Government in law or per as agreement be recovered from any money due to the contractor on any account, and if such money is insufficient, the contractor shall be called upon in writing and shall be liable to pay the same within 30 days.

If the contractor fails to pay the required sum within the aforesaid period of 30 days, the Engineer-in-Charge shall have the right to sell any or all of the contractors' unused materials, constructional plant, implements, temporary building at site etc. and adjust the proceeds of sale thereof towards the dues recoverable from the contractor under the contract and thereafter there remains any balance outstanding, it shall be recovered in accordance with the provisions of the contract.

In the event of above course being adopted by the Engineer-in-Charge, the contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchased or procured any materials or entered into any engagements or made any advance on any account or with a view to the execution of the work or the performance of the contract

Item No:	Description of Item	Qty	Unit
1	Fabrication and installation of Modular Computer Lab table as per the following specifications: Table Top: Fabricated from 18 mm thick pre-laminated Medium Density Fibreboard (MDF), conforming to IS:14587-1998, with 2 mm PVC edge banding. Dimensions and layout as per the reference drawing IITPKD/EWD/B03/CT/02. Under Structure and Frame: Constructed using CRCA sections of 50 x 50 x 2.1 mm thickness. The frame shall be powder coated with epoxy polyester powder coating, 80 microns DFT. Structure to include support frame beneath the tabletop and leg-rest support with provision for running cable trays. Modular design with bolted assembly system, enabling installation as per approved layout. Cable Tray and Supporting Mechanism Cable tray fabricated from 18-gauge CRCA sheet, installed with suitable supporting arrangements as per the attached drawing. Provision to accommodate both LAN ports and electrical sockets. Electrical and LAN Provisions Each unit of the table (of size 1200 mm x 600 mm) shall be provided with the following fittings as per the drawing IITPKD/EWD/B03/CT/02: Electrical Outlets – 2 Nos. 5A Multi-standard 3-pin Sockets – 1 No. 15A 3-pin Multi-standard Socket – 2 Nos. 16A Switches with Indicator mounted on an 8-module sheet Data Communication Outlet – 1 No. Ethernet RJ45 Port – 1 No. Dummy RJ45 Port mounted on a 2-module sheet Ethernet Socket RJ45 Ports – 1 No. and 1 No. dummy port on 2-module sheet. (Approved Makes: Legrand Myrius 673043 / Schneider / Siemens) Note: Cabling/wiring for electrical sockets and network jacks are excluded from the present scope of work.

3	Supply and Installation of Research Scholar's Table as per Drawing No. IITPKD/EWD/RST/01, complete with the following specifications: Table Top: Made of 25 mm thick pre-laminated Medium Density Fibreboard (MDF), conforming to IS:14587-1998, with 2 mm PVC edge banding. Front Side Cover: Made of 19 mm thick pre-laminated Medium Density Fibreboard (MDF), conforming to IS:14587-1998, with 2 mm PVC edge banding, curved shape, 400 mm high x 540 mm long, 1 No. Back Cover: 540 mm high, fabricated from 18-gauge CRCA sheet, fixed to table frame with suitable screws. Under Structure: Fabricated from 50 mm x 50 mm x 2.1 mm CRCA pipe for legs and support frame, finished with epoxy polyester powder coating (Grade C, matt finish as per IS 13871:1993), 80 micron DFT. Bottom Storage Unit: Size 360 mm (W) x 450 mm (H) x 550 mm (D), attached to table frame. Closed compartments with two openable doors made of 18-gauge CRCA sheet, and drawers with centre locking facility, full-open telescopic slides, recessed handles, and suitable lock. Finished with epoxy polyester powder coating, Grade C matt finish as per IS 13871:1993, 80-micron DFT. Electrical & LAN Provisions: – 2 Nos. 3-pin 5/6A Modular Socket Outlets – 1 No. 15/16A Modular Socket Outlet – 2 Nos. 15/16A Modular Switch with LED indicator on 8-module sheet – 1 No. Ethernet RJ45 Port – 1 No. Blanking Plate on 2-module sheet (Approved Makes: Legrand Myrius 673043 / Schneider / Siemens) Note: Cabling/wiring for electrical sockets and network jacks are excluded from the present scope of work.		
3.1	1200mm (L) x 750mm (W) x 1830mm (H)	20	each
4	Fabrication and Installation of Trapezoidal Table of size 1030mmx700mm x600mm&750mm(H),as per Drawing No. IITPKD/EWD/TRAPEZOIDAL–TABLE/01, complete with the following specifications: Table Top: Made of 18 mm thick Pre-laminated Medium Density Fibreboard (MDF). Under Structure: Fabricated from CRCA square tube 50 mm x 50 mm x 2.1 mm, with all joints properly welded/bolted for rigidity. Finish: Entire structure shall be epoxy polyester powder coated, minimum 80 microns DFT, using approved brand and shade. Arrangement: The table should be arranged as per the layout Drawing No: IITPKD/EWD/223-225-226/01	12	each

5	Supply of Property Counter Shelf having overall dimensions 1950 mm (H) x 2250 mm (L) x 470 mm (W), complete as per the Drawing No: IITPKD/EWD/STORAGE/04 with the following specifications: Compartments: The unit shall consist of 24 box-type compartments, each provided with a personal counter of size 487.5 mm (H) x 375 mm (L) x 470 mm (W). Construction: Entire unit shall be fabricated from 0.8 mm thick Cold Rolled Sheet, fitted with recessed handles and locking facility for each compartment. Finish: The complete unit shall be epoxy polyester powder coated with 80 microns DFT using approved shade and brand. Support: The shelf shall be provided with bottom support using heavy-duty bushes for durability and stability.	3	each
6	Supply of Chair with the following specifications: Overall Size: Height – 1015 mm (max.), Seat Width – 480 mm, Seat Depth – 455 mm, Min. Seat Height – 435 mm, Max. Seat Height – 535 mm, Width (Arm-to-Arm) – 450 mm, Armrest Height – 185–275 mm (adjustable). Base: 660 mm dia., five-pronged base made of nylon reinforced with bottom metal ribbing; conforms to ANSI/BIFMA X5.1-2011. Castors: Twin nylon castors, 50 mm dia., conforming to ANSI/BIFMA X5.1-2002. Gas Lift: Class 4, conforming to ANSI/BIFMA standards. Seating Structure: 12 mm moulded hot-pressed plywood, ergonomic, fitted with T-nuts and riveted. Upholstery: High-density cold cured self-skinned pre-moulded foam (52 kg/m³, hardness 12.6 kgf @ 25%); upholstered with fire-retardant fabric conforming to BS EN 1021-1:1994 & BS 7176:1995 (Low Hazard). Mechanism: Synchro mechanism made from CRCA steel (IS 513-1994), CO₂ welded, Grade II springs, composite levers for gas lift adjustment and tilt locking (0° upright & 17° tilt). Lockable at zero (front) position. Tension Control: Telescopic rotating motion type. Armrest: Adjustable, self-skinning polyurethane with steel inserts, density 350–450 g/ltr, abrasion & scratch resistant. Backrest: Mesh back on strong frame. Approved Make: Featherlite/Transtee/Wipro	80	each

7	Supply of Magnetic White Board with Mounting Stand of size 1500 mm x 1200 mm, complete with the following specifications: Board: Made of painted metal sheet with honeycomb core and silver foil backing, provided with rounded aluminium safety edges and an aluminium tray for accessories. Mounting Stand: Fabricated from GI tube 60 mm x 40 mm x 2.6 mm thickness, designed to securely hold the board. Stand shall be provided with movable casters (heavy-duty type) with locking arrangement suitable for the board size. The complete unit shall be supplied and installed as per the directions of the Engineer-in-Charge. Approved Make: Alkesign/Godrej	6	each
